## **Corporate Responsibility & Environmental Management Policy (‘CREMS Policy’)**

Distribution Central Pty Limited (‘Distribution Central’) is committed to the protection of the environment in the course of providing IT solutions. Through the commitment and involvement of all its staff it will maintain a corporate responsibility and environmental management system appropriate to the environmental impacts of its activities, products and services.

In order to achieve its environmental objectives, Distribution Central will commit to the following actions and practices:

- a) Maintain a Corporate Responsibility and Environmental Management System to ensure all operations are managed in accordance with Federal and State legislative requirements, local by-laws and formal Government policies and to demonstrate due diligence.
- b) Environmental considerations will be taken into account in investment and corporate strategies and in the purchase of goods and services.
- c) All staff and contractors will be made aware of the corporate responsibility and environmental management policy and an appropriate level of training will be provided. The policy will be made publicly available.
- d) Distribution Central will adopt a self-regulatory approach, incorporating in-house and external environmental reviews to identify, evaluate, manage and report on environmental aspects and impacts and environmental programs.
- e) Practical and cost effective initiatives will be pursued to minimize adverse environmental effects.
